## Big Election Turnout Predicted

### LUCKY FEEDING FARMS VISITED BY FFA BOYS

The Hondo Vocational Agricultural Center and its classes had a tour of the Lucky Feeding Farms last Friday. The Lucky Feeding Farms is located on highway 90, 15 miles west of San Antonio.

There is over 800 acres in irrigation to produce ensilage for the feeding cattle. The fields were leveled about six years ago. In the cases the cuts and fills are more than 10 feet deep. At present time 8 irrigation wells and 9 storage tanks are used for watering the fields. Barnyard manure from the feeding pens is used on the field crops.

Heifers and hogs are grown for sale. The heifers give 3 cuts of milk per year and have made a record of 60 tons per acre per year. They produce only silage for cattle feeding here on the farm. The two trench silos hold 9,000 and 12,000 tons.

The fields are so engineered that crop rows can run either east and west or north and south and still get good use of irrigation water.

The cattle feeding operation is very scientific in every respect. All animals are weighed before being placed on feed; then they are weighed during the feeding period to check rates of gain. Each load of feed is weighed before being fed to the cattle. The self-unloading trucks drive down alleys and load the feed into troughs along the sides of feeding pens. Silage and concentrate feeds are fed together to prevent bloat in the cattle.

Over 90 per cent of the cattle are bought on the San Antonio market and then sold to local slaughter houses after feeding. Most cattle move to slaughter at weights of 650 pounds to 800 pounds. Certain groups are fed to choice grade, weighing 1000 to 1100 pounds for special hotel or restaurant demands.

The feeding operation has grown in past years. They have pens now to feed over 10,000 head of cattle at one time. At present they have 6500 on feed. Each day cattle are moved in and out of the feeding pens. In early feeding operations the feed troughs were placed under sheds. In the newer pens the shades are placed in the center of the pens away from the feeding troughs. Some cross-bred and Brahman breeds are being fed in pens having no shades.

There are a large number of heifers in the feeding pens, possibly 65 to 70 per cent of all cattle being heifers.

Concentrate feeds are mixed in large feed-mixing barn and loaded into the special trucks which carry it to the feed pens. Each truck load is weighed on large truck scales before being fed to the cattle.

Twenty-five boys made the day tour. They returned home by noon.

### Breast Self-Examination Show For Women Tuesday

First Methodist Church of Hondo is the scene for the free show of "Breast Self-Examination," an educational movie of the American Cancer Society, on Tuesday night, April 7, at 7:30. The Hondo County Unit of the American Cancer Society is designed to teach women the simple steps of breast self-examination for possible early cancer. Doctors say that if all women would learn and regularly practice this technique, the breast cancer rate would be cut in half.

While 95 per cent of all cancers already are discovered by women themselves, the tragedy is that so many are found after it is too late for a cure. Early detection is the key to cure.

About 20,000 American women die of breast cancer or its complications yearly. Many die unnecessarily, because of ignorance or fear.

Viewing this movie diminishes both ignorance and fear. It is not a scare show, but, on the contrary, it equips women to rid themselves of false fears and to face reality with intelligence.

The full-color movie, produced with dignity and good taste, lasts 18 minutes. It is free to all women, and only women will be admitted.

A local physician will be present to answer audience questions. Pencils and paper will be provided so that the questions may be written. In addition, Frank Franklin of the American Cancer Society will be present.

Every woman who attends will be given an illustrated pamphlet to take home—a permanent memory refresher outlining the steps of breast self-examination.

The full program will last not more than an hour. In other cities women have found it helpful to attend with a neighbor.

### MOD Campaign Brings In \$1787

The March of Dimes collection campaign this year fell below previous collections in Medina County, according to C. F. Scheraga, County Chairman. The total this year amounted to \$1787.

This, one-fourth goes to the state fund. Then half of the remainder goes to National Headquarters and the local chapters keep the rest.

Members commented that although the county fell below previous years, the funds collected were needed and he expressed appreciation to each community chairman for their help. He also added appreciation to Home Demonstration Agents, P.T.A. Associations and organized groups or individuals who gave their time to the cause.

### 0,000 May See Races in Hondo April 4-5

Second sports car racing sponsored by the Hondo Chamber of Commerce, The Cardel Alamo-Internacional, will unfold this week end, April 4-5. Considered one of the best courses to be found anywhere, the Hondo Air Base run will be the scene of the big race.

Manager Sam Lantieri stated Wednesday morning approximately 100 entries were expected which is about twice as many as last year. Entrants are due to arrive in San Antonio as well as Dallas, Houston, Fort Worth, El Paso, Midland and Lubbock from such far away as Mexico City, Shreveport, Wichita, Kan., Albuquerque, N.M., the Delta Region of Oklahoma and from Oklahoma. The race will run on the 3.00 mile course.

A meeting of San Antonio members in Hondo Tuesday night, they expressed the belief that 20,000 people would be expected to watch the races. Entrants will begin arriving on Friday, and the course will be open for practice at 11:00 a.m. Saturday. The first race will be under way at 2:30 p.m., and will be followed by other races. Other races will begin at 3:30 p.m. and at 4:30 p.m. The course will be opened for practice again following these races, but will be closed at 6:00 p.m. At 6:30 there will be a party for drivers and their crews at the course.

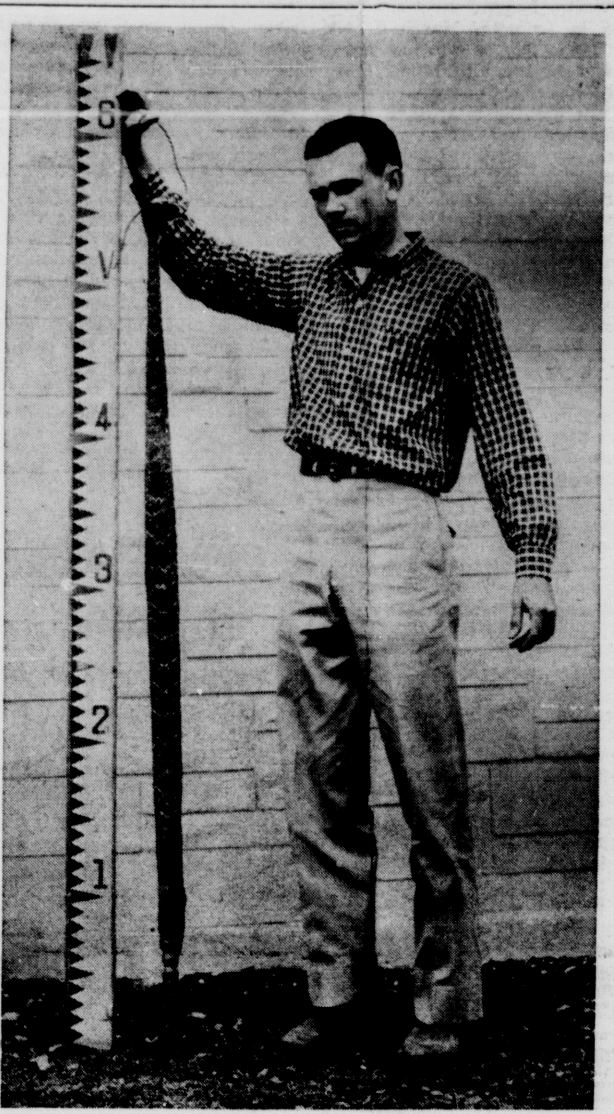

Sunday morning the course will be open for practice at 9:00 a.m., but actual races do not begin until 12:30 p.m. Others begin at 1:15, 2:00, 2:45, 3:30, 4:15 and the final race, Hondo Trophy Race of 60 miles (20 laps) begins at 5:00 p.m.

At 6:00 p.m. trophy presentation will be made at the course. Jim Hall of Dallas, who won last December has entered again.

Programs will be on sale describing the races in more detail. Once more, Hondo civic organizations will operate concession stands at the races both Saturday and Sunday. The special events committee is headed by Dean Reed. He has submitted the following list of organizations:

Camp Fire Girls, St. John's Holy Name Society, St. David's Church, Guadalupe Holy Name Society, Veterans of Foreign Wars, G.I. Forum, Pruneda Post, 254, Hondo Golf Association, American Legion, Hal Jones Post, Iota Epsilon Sorority.

Coffee, soft drinks, beer, hot dogs, hamburgers, sandwiches, tamales, and also peanuts, candy, ice cream, Fritos, Potato chips, cookies, doughnuts, cigarettes and maybe pop corn will be sold.

WHEN BILL HAVELKA OF THE SOIL CONSERVATION OFFICE saw snake eyes and no dice were in sight, he went back to the car for his sharpshooter. Bill was checking rootplowing on the Walter Nester Ranch southwest of Hondo at 10 o'clock Monday morning and found the 5 1/2 foot snake coiled beneath a bush. The rattler showed no fight until Bill started shooting but any self-respecting snake would have done the same. The fangs were large, and this monster was the possessor of three — two on one side and one on the other.

### Three Wrecks, Three Injuries

The Highway Patrolmen stationed in Hondo investigated three wrecks recently. These were on Tuesday, Mar. 24, on Saturday, Mar. 28 and on Sunday, Mar. 29.

**Tuesday, 11:15 a.m.**  
In LaCoste, a '52 Chevrolet pickup driven by Leo Joe Bendele of LaCoste, collided with a '53 Ford pickup driven by Edgar Rembert Stamford of Natalia. Bendele was charged with failure to grant right of way at stop intersection. Stamford was charged with no drivers license. \$25 damage to Bendele's vehicle and \$250 to Stamford's car were estimated. No one was injured.

**Saturday, 1:15 a.m.**  
Three miles east of Castroville on Highway 90, a '54 Chevrolet coach driven by Humberto Cardona-Martinez of San Antonio ran off on the right side of the road. He was headed west. There were no injuries but about \$65 damage to car. He had no drivers license.

**Sunday, 2:25 p.m.**  
At Castroville a '51 Oldsmobile sedan driven by Milton Roy Brauchle of Devine collided with '58 Dodge sedan driven by Alfonso M. Saucedo of Montelova, Mex. Injured were Dora Salinas, passenger in the Saucedo car; Scott, 2, and Jackie, 5 months. Brauchle children, who were taken to Baptist Memorial for X-rays. Damages were \$300 to Brauchle's car and \$200 to the Saucedo car.

### Guest Night Deadline Friday

The deadline for making reservations to the B&PW Guest Night Banquet, at which time Hondo's Outstanding Woman of the Year is to be announced, is Friday, Apr. 3.

The banquet is to be held in Meyer Cafeteria on Monday night, April 6, beginning at 7:30 p.m. Honored guests will be the recipient of the Outstanding Woman award in previous years. These include Mrs. Alice Bertreuer, Miss Willie D. Fly, Miss Mary Ruth Cameron, Miss Ann Davis and Mrs. Bill Berger.

The guest speaker is to be the Dean of Women at San Antonio College, Dr. Lois Morrison.

### LARRY ZERR TO GO BACK TO HOUSTON

D'HANIS — Larry Zerr, who broke his arm in a hunting accident last November, is returning to a Houston hospital Thursday for examination and further treatment.

If the arm is healing, he will take physical therapy treatments. If not, further surgery will be necessary.

### Sidelights On The Big Races

Some of the assorted facts about the sports car races to be held here this week end:

Two hundred bales of hay are needed for the straightaway and curves. Two thousand sandbags are used to mark the course, along with three miles of twine, and forty signs.

Most of the entries thus far are modified racers. December's winner will be back, with a super-charger added to his car.

Thousands of dollars worth of radio and television spots have been contributed to the race by San Antonio stations.

Guesses on the crowd run as high as 20,000. If so, this will be one crowded city on Sunday.

The coordinated efforts of hundreds of people will go into the events.

A race driver will be interviewed on the Channel 4 newscast at 6 p.m. Thursday, April 2.

### Vandals Damage Camp Site

Vandals damaged Camp Mary Louise, summer camp site for Medina County Bluebirds and Camp Fire Girls.

The damage was discovered recently, and consisted of slashed screens, broken asphalt shingles and other items, estimated at about \$50 total.

Sheriff Charles Hitzfelder is conducting an investigation in an effort to find out who did it.

### INCENTIVE PAYMENT DEADLINE APPROACHES

April 30, 1959 is the final date for filing shorn wool and unshorn lamb applications for 1958 incentive payment, according to Floyd M. Smith, Office Manager, Medina County ASC.

Smith stated producers should file account of sales covering shorn wool and unshorn lambs sold between April 1, 1958 and March 31, 1959 with the ASC Office serving the county in which the farming or ranching headquarters is located.

Any producer who has left his sales documents with the local ASC Office and has not signed an application should call at the office before April 30, 1959 and sign the application for incentive payment.

### School, City Elections Set For April 4 and 7

Two important elections face Hondo voters during the next five days. The first of these, Saturday, April 4, is the election for school board members. Three days later, on Tuesday, April 7, voters will pick a mayor of the city and two aldermen.

### Try His Way: Attend Church; Bring Others With You.

These are the themes of a co-operative church program sponsored locally by the Hondo Ministerial Association and entered into as a part of a world wide church attendance campaign.

The "Try His Way" theme will be given special emphasis throughout the month of April with each church invited to use prepared materials and also add other facets to the program as desired.

Most Hondo churches will participate in the effort. Eight local congregations initiated the plan on Easter Sunday.

### Loretta Young Film At P.T.A.

An informative and thought-provoking program is scheduled for the last High School P.T.A. meeting of the year on Monday night, April 6, at 7:30 p.m.

Mrs. Ethel Hartman, program chairman, will present a Loretta Young film entitled, "The Accused," issued by the Citizen's League for Decent Literature.

Another feature of the meeting will be the naming of the P.T.A. Life Member for 1959, selected by secret vote at the previous meeting.

Officers of the High School P.T.A. for the coming year will be elected and installed.

### School Election

Five candidates are running for three positions to the Hondo Independent School District school board. The three incumbents seeking return terms are Walter B. Meyer, Rudy Rath and Henry Lindeburg. Two others seeking a school board post are Riggs Shepherd and Tom Kuykendall.

The school election is to be held in Lacy School Gymnasium. V. P. King will serve as election judge, and clerks will be George Koch and Mrs. V. V. Wiemers.

While at Lacy Gym, voters will also have the opportunity of voting for a county-trustee-at-large for County School Board. C. D. Sadler, incumbent, is unopposed for the job.

### City Election

Voting for city officials will be done in the Hondo Volunteer Fire Department building, a change from the last election which was held in the city office. Holding that election on Tuesday, April 7, will be C. J. Monkhouse, judge; and Mrs. W. A. Bendele, Mrs. H. J. Meyer and Gregorio Pedrosa, clerks. Alternate clerk will be W. E. Wood.

Candidates for Mayor of Hondo are T. B. Knopp, incumbent, and Jake Schuehle.

Three men seek positions to fill the two aldermen posts. Incumbents running are Gib Chapman and Milton Balot. Also trying for a spot is Trinidad Lopez.

### Edwards Bill Gets Senate Committee OK

The Edwards Underground Water bill moved a step closer to final passage Tuesday, when a Senate committee approved the measure.

It will now go to a house-senate committee to iron out minor changes, and is expected to pass, according to witnesses who were in Austin Tuesday.

Areas in the northern part of Medina and Uvalde counties which are not directly over the Edwards formation are to be excluded, and counties south of the region are to be excluded from condemnation liability, it was reported.

### Compton Gets 5 Years But Seeks New Trial

Jack Compton received a five year sentence following his conviction on a charge of rape. Trial was held this week in district court, and the sentence was given Tuesday. He has filed a motion for a new trial, but at press time the judge had not ruled on the motion.

Luis Leyva, who was charged with rape at the same time Compton was accused last year, is now on trial (Wednesday). Both were charged with an offense involving a minor girl.

Eddie Barke and Carl D. Coffee got two year sentences in the state penitentiary upon their conviction of passing as true a forged instrument in writing.

The trial of a damage suit entitled Fritz Schroeder vs. Quality Seed Co., Inc., was transferred to Gillespie County, Texas.

Two divorces were granted. Stella Sharp Ostrander got her divorce from Clarence Ostrander, and her name was restored to Stella Sharp.

In the case of Betty Wilson vs. Robert Wilson, the divorce and two children were awarded the plaintiff. The defendant was ordered to pay \$80 per month until the youngest child is 18 years of age.

### A Character From Hondo Is Hero Of New Novel

SEMPER FI, a novel on the marine corps during World War II, is based on a fictional character from Hondo.

The author of the new book, Gene Hendryx, was reared in Uvalde. His main character, Ray Lang, was written as coming from Hondo because, to quote the author, "I wanted him to come from an athletic background, a sort of a hometown football hero."

I know of no community in the United States that has produced as many outstanding football teams and football players as has Hondo. I played against Hondo in 1940, '41 and '42 and know from first hand knowledge about Hondo's football ability. That was the main reason Hondo was selected, in addition to the fact that Lang had to come from a small Texas town, and Hondo was about the size town we wanted."

In a letter to the Anvil Herald, Hendryx said that the release date on the book will probably be in June. He said there was nothing contained in the book which would be offensive to Hondo or its people, but that a great deal of the book is devoted to Hondo.

Pageant Press of New York is publisher of the new book.

### RAILROAD ASSOCIATION HONORS ANVIL HERALD

The Anvil Herald received an honorable mention from the Texas Railroad Association this week.

An article, with pictures, of the last Southern Pacific passenger train to stop in Hondo last June was the feature story recognized by the association.

THIS IS THE FRONT OF the new educational building of the Hondo Methodist church. This two story building was started last summer, and has been in use now for about a month. It is the first lift slab building to be built in this area, and has attracted many visitors from the day it started.

# Election Days Are Coming Up

Elections are upon us, and it is again time to vote for or against men to represent us in running our school and city affairs.

First comes the school board election Saturday. Five good men are running, and three are to be elected. We have heard almost nothing concerning the race, and received statements from only one of the candidates. They include Henry Lindeburg, R. C. Rath, W. B. Meyer, Tom Kuykendall, and Riggs Shepperd. The first three are now in office, and seek re-election.

Then on Tuesday, the city will decide on a mayor, and two councilmen.

The choices are these: Jake Schuehle vs. T. B. Knopp for mayor, and a three way race for two council seats between G. P. Chapman, Milton Batot and Trinidad A. Lopez.

Those who think the city affairs have been handled properly during the past few years will cast their votes for Dr. Knopp. Those who think it is time for a change will vote for Mr. Schuehle.

The choice is yours. Don't miss this opportunity to say what you think, and don't let anybody frighten you into voting any way other than what you personally believe will be the best choice.

## Plague of Nepotism

There was a time, years ago, when the duties of a member of congress were not arduous, sessions were short, and the pay not large.

Today, being a member of congress, in either house, is a full-time job, adequately paid for, with an ample tax-free expense account.

There is no justification for members of congress to chisel and, of course, grafting is deplorable.

However, the current plague of nepotism is a disgrace to the nation.

It has not been unusual for a member of congress to put a wife or daughter on his payroll, thus increasing his own salary, but never before has nepotism been so general and so outrageous.

And never before has the public been

so keenly aware of the misbehavior of public officials.

Another subject that might be studied is the practice of law by senators and representatives and the continued appearance of partners and associates before government agencies and in matters affecting government business.

This may have been correct practice when the administration of government was simple.

Today, the hugeness of the government structure and its vast complexities makes it possible for actions to be taken on the third and fourth level of authority which come to light only during congressional investigation.

Congress had better clean house before the people do it!

-San Antonio Light

## A Word To The Wise (Husband)

We have a suggestion that we hope will be acted upon by every husband in and around Hondo.

Send your wife to a movie next week!

We don't mean just any movie. We have in mind the free showing of the American Cancer Society film on breast self-examination which has been arranged for Tuesday night, Apr. 7, in First Methodist Church. Starting time is 7:30 p.m.

When she sees this film your wife will learn how to protect herself against cancer of the breast. The time she spends watching it will be measured in minutes, but the time she adds to her life might easily be measured in years.

So tell her right now that you'll wash the dishes, sit with the kids, feed the chickens, give up the car, or do whatever else is necessary to enable her to see this life-saving film.

## KILGORE'S CAPITOL COMMENTS

By JOE M. KILGORE

WASHINGTON—Wisely or not, the United States and its allies have made big concessions toward Russian positions on three vital issues involved in the coming "summit conference."

The first concession is on German reunification. Until very recently the United States insisted that any European settlement must begin with free elections for all Germany. Now the fact cannot be escaped that reunification has come to be for the present something to be believed in but not pressed insistently. The Russian "myet" has prevailed, at least for the time being.

The second concession involves liberation of Russian satellites. The old doctrine held that if continuous pressures were applied the Communist empire would crumble. But uprisings in East Berlin and Hungary caused no crumbling. Hopes remain for freedom in eastern Europe, but they are long-term hopes. Without any formal announcement, the

European status quo is being recognized.

And, of course, the summit conference itself represents a tremendous concession. The Geneva conference of 1955 produced nothing but worldwide propaganda for the Communists, and until recently the United States had insisted that any future heads-of-state meeting would be merely to "normalize and sign" agreements negotiated beforehand by foreign ministers. Now there will be only a token foreign ministers' meeting prior to a summit meeting—a "working" meeting—in the summer. That, also, is in line with Russia's insistence.

Diplomats in the State Department say the change has been in the making for months—that American thinking has concluded that world problems are too dangerous not to be discussed with Moscow, that only one Russian, Nikita Khrushchev, is worth talking to, and that nothing is to be gained by throwing ideas in

Khrushchev's face that he won't even consider.

For better or worse, it seems that there will be a summit conference. Now, we must plan for it as soundly as possible, strengthen our resolution to stand firm on our basic principles—and not expect any miracles.

I am most fortunate in that the people at home keep me informed about their thinking on matters I deal with as their representative. Every day I get letters from all over the district that contain thought-provoking statements of opinion on important public issues. These letters are a great help to me and they are more than welcome.

The Area Redevelopment Bill has been passed by the Senate and will come before the House shortly. I am afraid that area redevelopment as used in this bill, (See KILGORE, Page 11)

The Commissioners Court of Medina County has under consideration a plan for a much needed enlargement of our present courthouse. The plan contemplates an extension of both the east and west wings of the present building by the erection of a four-room, two story addition at each end.

In the Medina County Interscholastic League meet that was held in LaCoste, March 24 and 25, Hondo School won out in two classes of the all around championships. Hondo scored heavily to win the Class A High School division with a score of 89½ points and the Ward School division with 107 points. Subjects were spelling, typewriting, number sense, music memory, ready writers, choral singing, declamations, story telling, extemporaneous speech, picture memory, playground ball, volley ball and tennis.

At the special election held last Saturday the proposition to levy an additional 15 cents maintenance tax in the Hondo Independent School District carried by a very close margin, 70 votes being polled for the tax to 68 against. This tax was first voted some eight months ago but owing to some illegal votes being cast at the former election the result was set aside at the last session of District Court. The Hondo Independent District now has a maintenance tax of 40 cents which should result in giving a full nine months term.

From the Editor's Views and Pervues — The cattleman has probably felt that as a matter of generosity for the tariff on hides he should be a Republican. The fact is many of them have affiliated with that party during the existence of that duty. The question now is what will they do if the party carries out its expressed purpose to cheapen hides by putting them on the free list? A miniature prairie fire in the heart of the city Friday evening about dark, when the long, dead grass in Public Park was burned off, created some excitement among those not knowing the grass was to be burned until they saw the blaze. The young mesquite brush has since been grubbed out and a rain would soon transform the blackened surface into a beauty spot.

The Eastern Texian has received

a circular from two hundred citizens of Shelby County, consisting of all the various stripes of political foxes, from the genuine Hesperidam gray Whangdoodle, to the red colored Salmagundian disunionist. They vociferate loudly for a mass meeting at Shelbyville and among other things say:

"We, the undersigned members of the Democratic party of the county of Shelby, who are opposed to all cliques, caucuses and secret political organizations, and in favor of a full and fair convocation of the Democratic party invoke their brethren of the same faith to assemble, in a Mass Meeting at Shelbyville, on Saturday, the 2nd day of April, A. D. 1859, then and there to take steps for the organization of the next campaign."

Oh yes, save us from "all cliques, caucuses and secret political organizations." But, gentlemen, are you not unwittingly shooting Parthian arrows at a friendly camp, when you so ruthlessly denounce cliques and such like organizations? No random shots at the clique here, gentlemen of Shelby.—They are our neighbors.—SOUTHERN INTELLIGENCER.

PRESSLER'S MAP OF TEXAS

We commend to the public a lot of neat, beautiful and accurate maps of the State of Texas, embracing all the new counties with the boundaries defined in accordance with the actual surveys filed in the Gen. ## COW POKES

By Ace Reid

"My gosh, Jake, during the drought you cried about not makin' any money. Now you're cryin' 'cause you made some!"

## PERSONAL APPEARANCE

BY JERRY JUNE BERGER

The red measles, which had their peak in Castroville about two months ago, are now popping out in Hondo.

One of the latest victims is WENDY PORTER, who began breaking out Friday just after the family had set up their tent for a big week end of camping near Austin. We chatted with her older sister, LESLIE, Monday afternoon about the situation and she commented that with six kids in their family, their mother and dad, WALLY and LILLIAN PORTER, were not sure which ones had already had measles and which ones had not! But she was certainly hoping that she had been one who had.

It seems that with five of the children in school, not one of them had missed a day of school this year until WENDY missed Monday, and LESLIE was certainly not wanting to break her own record.

Come to think of it, we'll bet that is some kind of record. Their children in school, in addition to second-grader WENDY and fourth grader LESLIE are: SUSAN, 7th grade; CHRIS, 8th grade; and ALEX, first grade.

Do any other Hondo parents have five school children who have not been absent up until this week? We'd like to hear about them if there are.

When money received by local schools from the state government is based so heavily on average daily attendance of students enrolled, it really helps a lot to have perfect attendance records as the PORTERS have had.

As a matter of fact, did you know that Hondo has actually

lost teachers because of poor attendance, and that they may lose another or two if the situation does not improve? That means that our Hondo school kids will be crowded into rooms with 35 or more youngsters rather than in sections of less than 30, as they should be. Just ask any teacher in the system about the matter and they will tell you they can do a much better job of instructing when the class room is not bulging at the seams.

Overcrowded rooms place an unfair burden even on the best of teachers and place a handicap on the individual students as well.

Absenteeism is not as bad in Hondo as it is in many south-west Texas communities but the fact that other towns are worse is not going to change our losing additional teachers locally. It is up to the parents to keep Hondo kids in Hondo schools.

We were surprised Saturday morning to see MRS. E. M. L. MUENNINK doing yard work around the V. H. CROW rent house on 25th Street until we later learned that she and MR. MUENNINK had bought the place.

Their daughter, ELSIE STAN-GA, said they had been considering building a small home out on their farm but that she was much happier to see them buy a place right here in town. They have not moved in to the new place as yet but will be doing so in a few days.

On the topic of moving, we might mention that the QUENTIN LARSON family is coming

back in to town after more than a year of country life. They are now located in the FLETCHER DAVIS rent house on 17th St.

Hondo's famous "Hell" sign received national publicity again last week. Syndicated columnist EARL WILSON had this in last Wednesday's writings: "FUNNY SIGNS: In Hondo, Texas: 'Welcome, This is Hell country. Don't drive through like Hell.'"

MARY OCTAVIA DAVIS, "written up" in the Sunday Light. The author of two books for children, MISS DAVIS, was born and reared in Hondo is now working on the songs and illustrations for a book.

The Light story presented some interesting sidelights on how it branched off into the writing profession. MISS DAVIS teaches first grade class in San Antonio so the writing and illustrating done as an extracurricular activity.

While most of us were enjoying a warm, sunny Easter, BOB KOLLMANS were having winter holiday. They drove Colorado Springs, Colo. last week for a visit with their daughter and family, MAJOR and MRS. BOB MOORE and children, to all of them went to Winter Park, Colo. to watch try-outs for the Olympics.

They saw America's top skiers in action and some of the youngsters they saw will be representing this country in world competition before long.

## GREETINGS:

## & SALLY-TATIONS

BY SALLY BRUCKS

Sometimes I get to feeling downright sorry for myself so I guess it must have been the finger of Fate that pushed Walter Knorr in the Anvil Herald door with copies of the July 1899 Ladies Home Journal and the December 1909 Delineator under his arm. This was another one of those mornings that I went to get into one of my favorite dresses and found out there was just a little too much to me to zip it up properly. In glancing through the 1899 issue somewhat hastily, I spotted the "How to be Pretty Though Plain" column and, under "diet," this little gem came to light — "Pickles are the enemy of the human race. There is absolutely nothing that can be said in favor of them. There is something peculiar and abnormal in the craving for them." Although the column bore the name of Mrs. Humphry, I'd be willing to wager a man wrote that. I can remember four times in my life when pickles were just plain ambrosia. They were Bill Gray, Hari and Tony.

G & S On the opposite page from the column, eight luscious desserts, loaded with whipped cream and drooling calories, met my eye. A gal simply can't loose for gaining. "How to be Pretty Though Plain" also suggested never eat unless you are hungry. That's simple enough to follow. It's the only time I ever eat — which is all the time. However, the column says "Loss of good looks is a high price to pay for a slightness of figure, which, may, after all, be entirely disproportionate to one's age and general appearance." Beauty is only skin deep so I guess I'll keep what depth I have.

G & S If your 16-year-old daughter is beginning to pester you for a

new bathing suit, here is a price-less number from the same book under the title "Suggestions for Mother." Quote — A bathing suit for a girl of 16 may be made of blue alpaca, with a sailor collar of white alpaca trimmed with blue braid. The vest may be of white, barred with blue braid, and a fold of white with three rows of braid run on it looks well around the bottom of the skirt. The belt, and the frills of the elbow sleeves, may be finished the same way, and a white sailor tie completes the costume. Unquote. Of course, your darling will never get near the water

but then they lived it down 1899. At least they left some to the imagination. The bathing suit which now is so popular has always seemed to me to be a misnomer. I think "pik" would be more to the truth of the matter.

G & S The styles in the December Delineator are lovely despite Gibson Girl look to them. Many of the details are being used today. One pattern calls for eight and seven-eighths yard material and is described thus: "A plaited section is in at the lower part of the front and back, and lower edge of this skirt when plaits are drawn out measures about four and three-eighths yards and either the square or round neck, for with the chemise of material." In fine print it says: "For the medium sized woman the hour-glass figure was in vogue then and judging from the pictures, it is pointed out that bosoms and buttocks were pure figments of the imagination."

G & S They threw words around great abandon in those days drew better word pictures. Catherine de Merida's "Pro Care of the Complexion" column this bit: "With proper care the use of Creme de Merida is possible for every woman to have a skin of the exquisite freshness of girlhood — a birth gift of every woman — it may be retained to a great old age, still velvety in texture and free from superfluous wrinkles." As an old moss face feels cheated of her birthright sometimes I get to feeling right sorry for myself.

## YANCEY NEWS

By Mrs. Harrison Wilson

Mrs. Bill Walters fell at their home and has a very badly sprained ankle. She went to Lackland for treatment. X-Rays showed no broken bones, but a very bad sprain.

Guests of the B. D. Bombas were their children and grandchildren, the B. D. Bombas, the Junior Bombas of SA, the John Gottfrieds of SA and the Charles Saathoffs, also of SA, the John Ciavairis of Devine and M&M Biediger and Mrs. Leigh of Moore.

M&M W. B. Melton had Sunday dinner in Hondo with the Robert Wards. In the afternoon they had a nice drive in the hills. M&M E. T. Wiemers' guests Sunday were the Fred Allens of Campbellton and the Wayman McAnellys of SA. In the afternoon, the Fielding and Leonard Wiemers visited them.

## HONDO HIGH SCHOOL HIGHLIGHTS

by Kathy Haegelin

Over the Easter week end many of the "exes" were home and also other former members of Hondo High.

Wednesday afternoon Pam Strickland and a friend of hers, Mary Le Groves, arrived for a visit from Wilcox, Ariz. Pam and Mary Le stayed with Marilee Rath. Thursday night some of the sophomore girls got together at Marilee's house and had a slumber party. The girls were Becky Ulbrich, Rita Meyer, Nancy Stewart, Jeanie Holloway, Paula Wilson, Jeanette Bohmfalk, Kay Highsmith, Suzi Ward, Phyllis Locklar, Joyce Carrasco, Gayle Tondre, Kathy Haegelin, Pam and Mary Le. As usual the girls stayed awake nearly all night and enjoyed frequent snacks.

Jeanie Holloway also spent the week end down here. Jeanie is now living in Dallas.

The freshmen girls also gathered Thursday night at Dianne Tondre's. The girls were Carol Ann Meyer, Peggy Sparks, Georgia Braden, Evelyn Amberson, Gayle Tomerlin, Verlyn Wiemers, Gloria Kelley, Gaynelle Dale, Dianne Hartman, Peggy Highsmith, and Kay Rohrbach.

Thursday night Charles Hiler arrived very unexpectedly and surprised everyone. Charles is now living in Port Isabel.

Another freshman boy, Gary Kilmer, spent the week end in Hondo. Gary's home is in Abilene.

George Brucks and his family spent the week end fishing at Falcon Dam.

Several of the senior girls are feeling very energetic now that "spring has sprung." During the week end Suzanne Rath, Mary Pope, Laura Meyer, Annie Rowlett, and Anna Taylor went bicycle riding, roller skating, and played tennis. For sure these girls got their fill of exercise.

Saturday night the senior class will stage its play, "Don't Take My Penny," in the high school auditorium.

The play is a comedy in three acts and has a fine cast. Admission is 50-cents for adults and 25-cents for students. The performance will begin promptly at 8 p.m.

Mrs. Roy Tschirhart and children visited in the Bernard Biediger and the George Echtle home Sunday.

Leroy Stein visited in the Oscar Tschirhart home Sunday morning.

M&M Earl Mangold and Charles Miller were at Castroville Sunday morning.

## Teen-Agers And Skin Care

You're 16, and just when you wanted to look your best you break out with a new crop of pimples. Discouraging? Yes, but not a permanent tragedy.

In nine of ten cases acne will disappear without treatment by your mid-20's. But why wait, when you can do something about it now?

The most important thing is to wash your face with soap and warm water at least three times daily. Why? Because at your age oil glands are often over active and tend to clog pores. Result: Pimples and blackheads.

So it's just common sense to wash often to rid your skin of excess oil and dirt and to help remove the plugs. Cosmetic cleaning creams, incidentally, are not nearly as effective as soap and water. In fact, some of them make acne worse by plugging up already clogged pores.

Your trouble might be particular items of food. So unless you are sure they do not cause flare ups, your physician will probably suggest that you watch out for:

Chocolate in any form such as candy, cookies, cake, ice cream sodas, sauces, cola drinks. Instead, stick to vanilla or fruit flavored sodas and soft drinks, white cakes and cookies.

Nuts, especially peanuts and peanut butter, are capable of causing skin eruptions. Sharp cheeses won't help your acne either, but cream or cottage cheeses are usually okay.

Shellfish or salt water fish, and melons can be aggravating to acne.

Woolen clothing next to bare skin might cause your neck or back to break out. If so, the solution is simple—don't wear wool except as an outer garment.

The bromides in cold pills, nerve medicines and sedatives cause skin difficulties for some people. So can iodine in cough syrups and table salt.

Following the rules of good health—getting plenty of exercise and sleep, eating nutritious meals and drinking plenty of water—will help you get rid of unsightly acne.

Don't expect the blemishes to disappear overnight. If you follow these suggestions for three or four months and your acne

hasn't improved, your family physician, or a specialist he will recommend, will probably prescribe internal and external medicines for your particular case. So between you and your doctor, you have a much better than even chance of having a clean, clear complexion in time for the first big dance of the new school year next fall. It's well worth working for. (A weekly feature of the Health Education Division, Texas State Department of Health.)

## TELEPHONE TALK

by LeRoy Binz, Manager

## Spring Has Sprung And We Welcome Old And Young

For lots of people, about the only contact they have with us at the telephone office is when they pay their bill, or when they get in touch with us about something on which we've "goofed". Of course, we try not to make mistakes and we're glad to correct anything wrong. But this is about 1/17th of what it takes to provide service.

We'd like to have the opportunity to show you the other 16/17ths. Our welcome mat is always out for visits, young or old. If you or any group you're associated with would like to tour the telephone building, just give us a ring. We'll be happy to arrange a guided tour.

## Spring-A-Ling! — It's Kitchen Telephone Time

I guess you might say that Spring and color just go together. The lawns are getting greener, trees and flowers are starting to bloom, and soon there'll be color all around us.

Spring is also a time for housecleaning and remodeling — at least at our house where we always have a project or two on hand. Whether it's housecleaning or remodeling — or both — why not add an extra touch of color like a friend of mine did recently?

His wife was having a new counter-top installed in the kitchen, and called to tell him what a professional job the carpenter was doing.

Figuring that he wouldn't let the carpenter steal his thunder, my friend called the telephone company and ordered a white wall phone for the kitchen.

## So Many Colors!

When he made the big announcement at dinner, my friend admitted he was worried about his choice of color. "They had so many colors," he explained, "I wasn't sure which to choose. They had red, green, beige..."

"But white goes best with the new counter-top," his wife interrupted, "just what I needed to perk up the kitchen even more."

The moral of this story is if you want to be a hero, add that extra touch of color by ordering a kitchen telephone for your wife. A kitchen telephone in color will brighten up the room, help her get things done, and let her chat with friends between chores.

P. S. Be a hero. Call the telephone company today.

Call by number. It's twice as fast.

## Highlights and Sidelights FROM Your State CAPITOL

AUSTIN, Tex. — "After seeing the appropriation bill — and with all the sentiment there is in favor of a teacher pay raise — I don't see how we can pay for it all without passing one of those big tax bills."

Speaking in private conversation with a legislator. He is one of an estimated 80 to 90 House members who told voters flatly last summer they wouldn't vote for a general sales tax.

But the "big tax bills" to which he refers are the Strickland-Roberts bill, Blanchard bill, Oliver bill, etc. All of these are, as someone said, "mighty like a sales tax" in that they would be collected on the basis of the sales of large numbers of items.

His predicament is shared by many Texas lawmakers this year. It is: how to finance the things the people of Texas want without voting a tax the people don't want?

**BIGGEST EVER** — House Appropriations Committee is recommending a 1960-61 spending bill that is the granddaddy of 'em all. Altogether, spending from all sources, including federal grants, would total \$2,401,276,388. It is \$240,000,000 higher than the 1959-60 budget.

Even so, it is \$7,500,000 less than recommended by Gov. Price Daniel. Committee's bill calls for general revenue spending of \$329,952,992.

Financing the committee's recommendations will require about \$157,000,000 in new tax money for the general fund. This results from adding together (1) the expected \$65,000,000 deficit from 1958-59, (2) the \$42,000,000 increase in spending for the coming biennium over this one and (3) an expected \$50,000,000 gap between expected revenue and present spending levels.

If the proposed public school teacher pay raise and any other part of the Hale-Aikin recommendations for school improvement are adopted, the new money needs would soar to between \$200,000,000 and \$300,000,000.

Principal beneficiaries of the \$42,000,000 increase proposed by the Appropriations Committee would be higher education, up \$23,844,332; state employees, up \$3,400,000; state hospitals and special schools, up \$10,321,186; prison system, up \$6,000,000.

**TAX FRONT** — Meanwhile, the House Taxation Committee, beset by the prodding of the governor on one hand and the objections of various citizens on the other, toils on in its search for new money.

Recent actions include: Showing temporary disapproval 12-6, of the governor's plan for the state to take over abandoned property and dormant bank accounts.

Hearing the pros and cons of a raft of "broad-based" taxes. These include:

1. A nine-part omnibus tax measure by Reps. Bob Strickland of San Antonio and Wesley Roberts of Lamesa which would include a gross receipts levy on retail establishments. It would raise an estimated \$200,000,000 to \$300,000,000.

2. A 1 1/2 per cent gross receipts tax on all business activity (with certain exemptions for farm supplies, charitable institutions, professional services, etc.) by Rep. H. J. Blanchard of Lubbock. It would ring in about \$30,000,000 to \$40,000,000.

A tax on "the first sale or use of any finished product" by Rep. W. T. Oliver of Port Neches.

4. A tax on "net profits and receipts" by Rep. Alonzo W. Jamison Jr. of Denton.

5. A "cure all" tax on manufactured goods by Rep. Jerry Sadler of Percilla, to bring in about a half-billion dollars per biennium.

It all led one House member to complain of a "million-dollar headache."

**PLAN TO TAX BOATS** — Boat owners may be in for a shock if the "Water Safety Act" becomes law. Representatives have tacked on a few taxes.

Although designed to promote safety, the measure as it now stands calls for the purchase of a \$2 Certificate of Number every two years, plus payment of a fee of from \$5 to \$12.5 per boat per biennium. About the only boats exempted are canoes and "sea-planes."

The measure passed the House but still must meet Senate approval.

**ECONOMY BILL MAKING HEADWAY** — There's at least one fellow who believes that his type of job is useless, outmoded and unnecessary.

He is George Corse Jr. of Graham, Texas. Corse feels that school money is being wasted by keeping the job of County School Superintendent alive. He wants to dispense with the office and contends that it will save the State a minimum of \$400,000 annually.

To prove they were economy-minded too, the House passed his bill (HB No. 101 by Rep. George Wilson of Newcastle) and sent it on to the Senate with their blessings.

HB No. 101 would permit the people of a county, by petition of 10 per cent of the eligible voters, to vote on discontinuance of the office of County Superintendent of Schools.

Corse is county superintendent **TOO CITIFIED?** — Texans may have a chance to vote in the next general election on a constitutional amendment to decide, in effect, whether the Legislature shall "go urban."

House passed a resolution by Rep. Will Ehrle of Childress to limit representation from the big city counties. As amended, it would provide one representative for each 100,000 population up to 900,000 and one for each 400,000 thereafter.

Primary target was Harris County, whose sprawling industrialism might entitle it to as many as 13 representatives after the 1960 census, under present rules. Rural legislators fear the city delegations will develop a virtual veto over rural interests. Also, conservatives are skittish about the strong liberal forces that come from Harris County. But Houstonites, and other city solons, argue that tax-paying citizens are entitled to equal representation, no matter where they live.

# PROGRESS REPORT

From Your City Administration:

## In The Last Two Years We Have:

1. City was organized into 4 departments, Electric, Water & Sewer, Street and Air Field Properties, to provide more and healthful service for citizens, and to provide more information for Mayor and councilmen.
2. Hondo's Fire Insurance Key Rate was lowered, from 67 to 44.
3. City insurance policies were consolidated with consent of local agents thus getting a better rate, and saving the taxpayer money.
4. City Dump ground was cleaned. Also a sanitary fill was installed and all of the garbage is burned and covered daily, thus providing better sanitation.
5. The City assisted the Garden Club in the park project along Hwy. 90, and shares in more than half the costs. Water is provided FREE.
6. The Water System has installed over \$20,000 worth of six and eight inch water mains. Also water tanks and towers have been been treated and repainted. Additionally \$26,000 of sewer lines have been installed.
7. The Electric Department has installed about 25 new street lights. Two new street lights installations are planned each month.
8. Street department has widened Avenue M for greater traffic safety.
9. Hondo City Council authorized John Poerner to draw up a master drainage plan for the city, and this is now being put into effect.
10. Hondo's three cemeteries have been cleared, cleaned, and watered at city expense. We hope to effect perpetual care program.
11. New vehicles have been purchased for the Electric, Water, Street and Police departments.
  - A. A new truck for the dept. with hole digging machine already mounted.
  - B. Two new trucks for the water department.
  - C. The Street dept. has a new 2 1/2-ton dump truck, a new pickup, new street roller, two mowers mounted on tractors and other small equipment.
  - D. A new patrol car for the Police departments.
12. The City's bonded indebtedness is being liquidated according to schedule.
13. Mr. Blinka was hired as Chief of Police, on recommendations of the Retail Merchants Committee of the Chamber of Commerce.
14. The City gave financial aid to the Hondo Golf Association, and still is sharing in the costs.
15. The City provides a major share of the salary of the Chamber of Commerce-Air Field Properties manager.
16. Hondo's picnic park, has been cleaned, cleared, and a new entrance made from the Tarpley road. The key is available at the city office for those wishing to use the area.
17. Hondo's water system is again rated a Class A system by the Texas State Department of Health.
18. The City participates actively in Hondo's Summer Recreation Program for training of children—and also in the operation of a swimming pool.
19. 18 miles of paved streets were re-topped. And about two miles of new paving were installed.

**For Cities Its Size Hondo Has One of Lowest Tax Rates in Texas — \$1.20 per \$100 assessed value based on 20% of actual value!**

## Strikes and Spares

Bowlers in the Mixed leagues this past week really made hay while the sun was shining! We can't say for sure the wood was in the mood to be knocked about, but, nonetheless, three men bettered 500 by quite a few pins.

A new individual high series for all leagues was set by Henry Burns, bowling in the Thursday Mixed league. He started off with two nice, sociable games of 176 and 167, and, came barreling in the last game with 211, for 554! Plenty good!

Show-offs in the Monday Night Mixed league were Meryle Wiemers and Tom Moseley. Meryle put together games of 167, 177 and a juicy 197 for 541, right behind Burns.

Moseley started and finished his series with 170, sandwiching in a 187 game for a 527 total.

It seems peculiar, but, at the same time that the pins were falling for the men, the ladies were not faring so well. Only one lady kegger topped the 400 mark this week—C. Ritchey of the Thursday Mixed league. She had a nice 443 series, games of 141, 154 and 148.

Due to Good Friday, the City league did not bowl this past week but will resume their schedule tomorrow night.

Nothing to report in the split department—either no got, or no report to report!

Several brave gals are still trying to work up a ladies league to bowl on Tuesday nights. They pass along the word that only

those women who would like to spend an evening having fun and enjoying pleasant exercise, are eligible!

Mayor Frank Ducos has proclaimed April 6-10 as the annual Castroville Clean-up Week.

All local residents are urged to take pride in their fair city and participate in the clean-up and paint-up program.

Truck collections will be provided free of charge to residents on April 9 and 10 to facilitate the disposal of trash and debris.

City officials and civic leaders ask everyone "to do his share—in and around their own yards and vacant lots."

The Castro Garden Club will sum up the special clean-up week on April 11, when it sponsors its flower show.

## Birthday Party

Miss Carol Sue Johnston was the honoree at a party and Easter egg hunt given by her grandmother, Mrs. N. L. Shields and Mrs. Buck Whitesides at the Whitesides home Saturday afternoon. It was for Carol Sue's 12th birthday. It was a complete surprise for Carol Sue. The large cake was decorated and a pink tree held gay Easter eggs. There were 16 guests.

M&M Binky Gardner and daughter Bridget of SA and Mrs. Sadye Gardner and daughter, Miss Flo will leave early Thursday morning for Albuquerque, N. Mex., to attend the wedding of Miss Bobbie Louise Werner and Fritz Moeller on Saturday, April 4th. The bride-elect is the granddaughter of Mrs. Sadye Gardner, and was reared in Devine.

All the churches in Devine report record crowds on Easter Sunday.

Miss Arlayne Wright, daughter of M&M Emory H. Wright will be married to Thomas P. Loeff, Jr., son of M&M Thomas P. Loeff of SA. The ceremony will take place in the St. Joseph Catholic church in Devine, May 16.

M&M Alex Bohl had as their Easter guests, Supt. and Mrs. George Bohl and sons, Tommie and Stevie of Jourdanton, Miss Barbara Dale Maney of Natalia, Misses Adeline and Betty Ann Bohl of SA.

Diamonds had to compete with glass as a girl's best friend in ancient Egypt. Glass objects were considered as valuable as jewels.

## Memo From Millie at FLY HARDWARE

April showers and warm days are both upon us now. We have a wonderful supply of "let's go on an outing" necessities. First of all we have a fine selection of cake covers. They are the special multi-purpose type. The clear top may be inverted to form a punch bowl, pop corn bowl or be used for snacks and dips. They have colored bases and are available in a variety of colors.

If you're going to barbecue in your own back yard we have just the things you'll need—right down to the barbecue grill itself. We have tongs, forks, extra heavy duty pot holders and all the necessary extra utensils. To serve those delicious hot off the grill we have large, 13", barbecue plates. They are decorated with a western decor, complete with brands around the edge. For extra convenience they are divided to keep those luscious sauces from running together.

To keep junior occupied while the dinner cooks we have a brand new shipment of "idea" polyethylene toy trucks. They are unbreakable and have moveable parts. They come in a wrecker, a dump truck and a cattle truck. They're about 14" long and cost only \$1.00!

For that quick convenient "take along cake" when you don't want to spend a lot of time icing we have an aluminum cake pan with a transparent plastic top. It slips on over the cake and away you go.

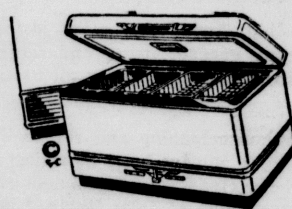

My tip for the week. To entertain those busy little ones on a rainy day we have Crayola, non toxic, finger paint sets. Just the thing to keep children happy for hours.

## Miss Eckhart, Bride-Elect Honored Mar. 28

Miss Hasey Eckhart, bride-elect of Tommy Hollmig, was honored Saturday afternoon, Mar. 28, with a personal shower. Hostess for the courtesy was Miss Diane Pope, who entertained in the home of her parents, Mr. and Mrs. N. P. Pope.

The honoree wore a flowered sheath dress. She was presented with a corsage in shades of blue by the hostess and her mother, Mrs. Pope.

Spring flowers were used in decorating. The centerpiece of the table consisted of a figurine surrounded by colored Easter eggs holding miniature chicks.

The guest list included Misses Dorothy Leinweber, Marilyn Bendele, Mary Jo Meyer, Delores Shelton, Virginia Clements, Gracene Rogers, Sara Moore and Mrs. F. H. Hollmig, Mrs. E. E. Kollman Jr. and Mrs. Harley Eckhart.

## Farewell Coffee Fetes Mrs. Benedict

Mrs. Don Benedict, who is moving with her family to Kerrville this week end, was honored with a coffee Wednesday morning, Apr. 1, by Mrs. N. P. Pope.

Mrs. Pope used an arrangement of fruit in a porcelain urn on the dining table and yellow roses and chrysanthemums were placed at other vantage points in the living room.

Guests present were: Mrs. Paul Bybee, Mrs. Bill Berger, Mrs. Joe Mims, Mrs. Dick Fly, Mrs. O. A. Fly, Mrs. Bill Fly, Mrs. Harold Goodenough, Mrs. Eugene Kolar, Mrs. Tom Kuykendall, Mrs. Carl Moore, Mrs. Joe Leinweber and Mrs. A. D. Patterson.

## Sorority Serving Chinese Dinner

A Chinese dinner with beef-curry and complete with cookies, will be served by Iota Upsilon sorority in the home of Mrs. Bob Kenny on Wednesday, April 8. This is open to the public and anyone wishing to make a reservation should call Mrs. R. V. Stanga or any other sorority member before Friday noon, April 3.

Dinner will be \$1.00 a plate and will be served from 11:30 a.m. until 1 p.m. Those wishing to stay and play bridge or other card games may do so for the remainder of the afternoon for an additional 25-cents. This is a means to raise funds for their local philanthropic projects.

## Camp- Fire News

### Snow White Party

The Snow White Blue Birds held an Easter party and Easter Egg Hunt at their last meeting. They were guests at the home of the Asst. leader, Mrs. Edgar Saathoff. The children played games while the "Easter Bunny" visited the oat field near the house.

A prize was awarded to Cheryl Grell who found the most eggs. Others present included Ada Carasco, Velia and Viola Gamboa, Martha Hernandez, Martha Sue Ilse, Karyn Kuykendall, Melissa Schweers, Helen Ann Saathoff, and Mrs. Saathoff's two small children, Sandy and Mike, and Mrs. Martin's baby, Kathy. Mrs. George Ilse, the group sponsor, assisted with refreshments. The children were served a coconut decorated a rabbit shaped cake and punch. Group leader is Mrs. Rothe Martin.

### Tanaga Camp Fire

The Tanaga Camp Fire girls held an Easter party and a Cere-monial March 25th at the Arnold Saathoff residence. An egg hunt, games and singing were enjoyed by all the girls. Refreshments consisted of barbecued hot dogs, frito chips, cold drinks and cake.

The candle light ceremonial was held in honor of the National Camp Fire Birthday along with an Easter theme. Claudia Gilliam, Tanya Saathoff, and Diana Graff received the rank of Trail-seeker. All of the girls received their honor beads enclosed in a colored plastic egg. These beads represented work accomplished on the Wood Gatherer's rank.

Those attending were: Tanya Saathoff, Diana Graff, Claudia Gilliam, Kathy Mims, Katherine Brucks, Joy Leinweber, Carol Ann Smith, Carol Ann Wernette, Carol Jean Shelton, Phyllis Wilson, Sara Sadler, Tanya Johns, Patricia Saathoff, Mrs. Arnold Saathoff, Mrs. Floyd Smith, Mrs. Frank Graff, Mrs. L. J. Wernette, Tommy and Teasa Gallucci and the leader, Mrs. Arthur Gallucci.

### Cinderella Bluebirds

Barbara Berger was elected president of the Cinderella Bluebirds at their meeting Monday afternoon.

Other new officers are: Vice-president, Deborah Dale; secretary, Linda Gilliam; treasurer, Linda Moss and scribe, Laura Moss.

Ten little boys were guests of the Cinderella Bluebirds at an Easter egg hunt out at Camp Mary Louise last Tuesday afternoon. After hunting eggs, the children were each given miniature Easter baskets as favors. Cookies shaped as chicks and bunnies and soft drinks were served as refreshments. In a brief business meeting after the hunt, the girls elected Laura Moss as their candidate for Bluebird sweetheart.

### Dancing Blue Birds

The Dancing Blue Bird Group held an Easter egg hunt this week at the home of their leader Mrs. Jerome Zinsmeyer. The girls will have a picnic at the Zinsmeyer ranch near D'Hanis. They plan to meet at St. John's parish hall at 3:15 where they will begin their study tour.

### Tawankas To AFB

Witnessing the mass paratroop drop at Brooks Air Force Base Saturday were members of the Tawanka Camp Fire group of Hondo. As guests of General John H. Foster, the group was privileged to go to the observers bleachers near the actual drop.

The exercise was known as Texas Eagle II. 164 parachute troops of the 326th Medical Co., 101st Airborne Division, Ft. Campbell, Ky., and three plane loads of equipment ranging from medical kits to jeeps were dropped in the exercise before high winds necessitated the calling off of the remainder of the drops.

The group observed the huge C-119 aircraft of the 433rd Troop Carrier Squadron taking off with cargo doors removed loaded with the heavy equipment for the drop and also the formation flying as they returned to the field to land.

One paratrooper was slightly injured as he landed on a concrete runway and a nurse slightly injured when a giant cargo parachute was carried by gusty winds into a stand of spectators after automatically being released from a loaded trailer. Helicopters standing by for emergency took the injured nurse to the hospital. The group also inspected a huge cargo type parachute, an ambulance, and had a tour of the C-119 aircraft by Ken Clapham.

Those attending were Suzanne Nelson, Penny Grunewald, Paula Stanga, Nancy Rogers, Sandra Powell, Brenda Koch, Mrs. E. M. Rogers, and Mrs. R. V. Stanga. This field trip was made possible by Capt. R. V. Stanga and General Foster.

## Uvalde Flower Show April 10

The annual flower show of the combined Uvalde Garden Clubs will be held Friday, April 10, 1959, 4:00 - 9:00 p.m. in Briscoe Memorial Hall at the Episcopal Church, 321 N. Getty St. Admission will be 15-cents and 25-cents.

The theme is "Subscriptions for Spring." There will be arrangements featuring such magazines as "Field and Stream," "Country Gentleman" and the "New Yorker." The tables will subscribe to "Fortune," "Vogue" and "Cosmopolitan."

Miss Arlene Rose Bippert

## Engagement Is Announced

Mr. and Mrs. Oscar C. Bippert announce the approaching marriage of their daughter, Arlene Rose, to Adolph L. Schraeder, son of Mr. and Mrs. Adolph Schraeder of Castroville.

The wedding will take place May 3, 1959, in St. Louis Catholic Church of Castroville.

## Bayer-Hines Wedding Solemnized March 27

The marriage of Miss Carmen Joann Bayer, daughter of Mr. and Mrs. Rudolph H. Bayer of Dunlay, to Donald Ray Hines, son of Mr. and Mrs. Willie Ray Hines of Pawnee, was solemnized on Friday, March 27, 1959 at 6:00 p.m. The Rev. Wm. N. Dur-

koff officiated in the double ring rites read in Zion Lutheran Church.

Large bouquets of stock were used at the altar of the church. Given in marriage by her father, the bride wore a floor length gown of lace over slipper satin. It had a scalloped neckline and lace sleeves that came to a point at the wrist. A short veil fell from a pearl and sequin head piece. She wore a single strand of pearls that her mother had worn on her wedding day. She carried white carnations.

A sister of the groom, Mrs. H. E. Pullin, was matron of honor. She wore pink net over taffeta and carried pink carnations. Dorothy Rose Bayer, sister of the bride, was bridesmaid. She wore blue net over taffeta and carried blue carnations.

The bride's mother wore ecru lace over pink taffeta and had a pink carnation corsage. The groom's mother wore navy nylon and white carnations.

George Hines was his brothers best man. Ralph James Bayer, brother of the bride, was groomsmen and ushers were Walter Wernli and Danny McCain, both of Pawnee.

The annex of the church was scene of the reception which followed the wedding. White stocks and white candles were used in decorating.

The four tiered cake, baked by the bride's mother, was rectangular and adorned with pink roses. It was served by Mrs. Rudolph Krenmueller of Hondo.

Mrs. Milton Bendele served coffee and Miss Corice Bendele poured punch. Miss Jacqueline Wernli of San Antonio registered the guests.

Following a short wedding trip to Corpus Christi, the couple will be at home at 228 Burnet St. in San Antonio.

The bride attended Texas Lutheran College following her graduation from Castroville High school. She plans to continue her work as an administrative clerk. The groom is employed by the San Antonio Public Service Board.

## Coke Party Fetes Mrs. Elw. Rogers

Mrs. Kay Phillips honored Mrs. Elward Rogers with a Coke party on Tuesday afternoon, Mar. 24. Mr. and Mrs. Elward Rogers and daughters, Gay Vanda and Kim are moving to Colorado City. Others present besides the hostess and honoree were Mrs. Fred DeGroot, Mrs. Lloyd Kelly, Mrs. E. Joe Lee, Mrs. Louis Definger, Mrs. Ray Thomson, Mrs. Tommy Williams and Mrs. Jack Sharp.

## Here In Hondo

Easter holiday guests of M&M Robert W. Schulte were their children M&M Melvin R. Schulte and son Thomas Holmes of Houston and M&M R. J. Schulte of Dallas.

Guests of M&M A. H. Braden were Irene Braden of Austin, M&M A. L. Braden, Mrs. Alma Burks, Jerry and Claude Burks of D'Hanis, M&M W. E. Wood, M&M D. A. Lutz and family of Hondo, also Mrs. O. L. Lebold.

Overheard this conversation downtown when a lady came into a store and wanted to buy some odds and ends in hardware.

First thing she ordered was a bicycle tire, then the conversation went thusly:

Lady: I'd also like some of that leak seal patching for bike tubes.

The clerk's eyes lit up and he said, "Oh! You mean 'Never Leak.'"

"But it DOES," said the lady, "That's why I have to get some more."

Officers will be installed at the next meeting April 10 at 8:00 p.m.

## H. D. NEWS

The Medina County Home Demonstration council met Mar. 23 in Hondo at Mrs. Strayhorn's office. There were 9 clubs reporting with 23 council members, 1 visitor and Mrs. Strayhorn present. Mrs. Don Menk, the chairman, called the meeting to order. The minutes were read and approved. There were no committee reports. All the delegates who attended the district meeting in Alice on March 9 thanked council, who made it possible for them to go.

It was agreed that all the clubs will take a tour through the mills in New Braunfels on June 30 for their Rally Day picnic.

It was decided that handmade pillowcases will be exchanged at the council Christmas party. The Leinweber club gave an Easter demonstration. Mrs. G. D. Hunter was in charge of recreation. The game played was "Go on a Bear Hunt." Plans for a food preservation school will be held National Home Demonstration Week.

## HVFD SEEKS MORE RURAL INFORMATION

Jack Hartung says the response from rural folks telling of their water supplies, etc. has been good and should prove to be a real aid to the Hondo Volunteer Fire Department when they are called to make a run into the country.

Information needed by the HVFD includes: Farmer or rancher's name, amount of water stored on the place, whether water is stored in tank or dirt tank, and where tank is located.

Hartung urges those farmers and ranchers who have not responded to do so as soon as possible.

**Brownie Easter Parties**  
Brownie Troop No. 1 had an Easter egg hunt last Tuesday afternoon and invited 14 little guests. The party was held in the Fellowship Hall at the First Methodist Church and the egg hunt on the back lawn. The Brownies had made baskets for everyone, in the shape of a bunny. The serving table was very attractive, it had for a centerpiece a tree limb, painted pink, with small plastic eggs, baby chicks and bunnies hidden around it. Several games were played and the troop leader, Mrs. A. J. Hollis was assisted by Mrs. Hugh Robie, Mrs. Roger Russell, Mrs. Lillian Liddy and Mrs. Alice Sledge. They served refreshments of chicken shaped cookies and punch to Mrs. and Kay Wiemers, Debbie Williams, Bonnie and Debbie Robie, Donna Thompson, Kathy Harris, Kay Cude, Ronnie Bassett, Barry Littleton, Martha Bain, Carrie Wilson, Ricky and Rusty Walters and 14 Brownie members.

Brownie Troop No. 6 enjoyed an Easter egg party and hunt in the home of their leader, Mrs. Melvin Adams last Tuesday. She was assisted by Mrs. Henry Brown, Jr., Mrs. Farris Brown and Mrs. Forrest Rotramel. Each Brownie and guest received a moulded sugar egg, containing eggs and baby chicks. The Brownies, Mary Anna Adams, Virginia and Faye Brown, Sue Ann Young, Forrestina Rotramel, Linda Grizzard and Mary Ambriz and their 10 little invited guests were served cake and punch.

Brownie Troop No. 5 had their Easter egg hunt and party in the home of Mrs. Cecil Messec, Jr., Mrs. Wernette is assistant leader. The Brownies had made their Easter baskets in the shape of Mr. Rabbit for themselves and the invited guests. They had a lot of fun hunting the eggs. The party was held Tuesday. The leaders served delicious cherry angel food cup cakes and punch to their 12 Brownies, and little guests were Mark Littleton, Murray Wernette, Bill, Hal and Chris Thompson, Pete and Larry Evans, Jack Schott, Jr., Leona Bryant, John, Laurie and Virginia Messec. The mothers present were Mrs. Evans, Mrs. Thompson, and Mrs. Schott. Mrs. Evans and Mrs. Deeds prepared the refreshments.

Quotes From Santleben's  
"A Texas Pioneer"

### Tamaulipas, Continued

"Nuevo Laredo, on the Rio Grande, is another important port of entry within the borders of the state. The Mexican National, the International and Great Northern, and the Texas-Mexican Railroads, which connect Monterrey with San Antonio and Corpus Christi, form a junction on the bridge that spans the river between the old and new town of Laredo. Both are improving rapidly under the magic touch of progress and the destiny of the two towns is not involved in doubt because that point is an important gateway between the two republics.

"The Cordilleras range that traverses the state from north-east to southwest and separates it from Nuevo Leon, forms a barrier toward the west that is almost impassable; but the spurs extending from the mountains enclose many lovely valleys of considerable extent which sustain a large population. The climate west of the mountains is temperate and dry, but that towards the east is moist and much warmer, and at certain seasons a portions of it are subject to heavy rain storms which do much harm.

"The mountainous portion of the state is rich in minerals, and the deposits of gold, silver, etc., seem to be inexhaustible. Many mines have been worked profitably for years, and probably others that were once abandoned because of unfavorable surroundings have been developed by foreign capital since new methods have been introduced.

"The cultivable land is fertile and produces cotton, corn, rice, sugar-cane, Irish and sweet potatoes with little labor. Tropical fruit in great variety, and many kinds that are common in northern climates, grow to perfection. The timbered portion of the state is mostly confined to the mountains, but there is an abundance in other parts that is suitable for building purposes.

"The eastern portion of the state and that bordering on the Rio Grande, is admirably adapted for ranch purposes, and large numbers of horses, cattle, sheep, and goats are raised at small cost. The finest mules in the Republic are bred in the state and they always find a ready market.

"Before closing the subject I will give a brief description of the states immediately south of and joining those bordering on Texas. They were once political-

ly associated with Texas, when Spain held dominion over the country; and now they are related through commercial interests. My acquaintance with all that region will warrant my calling attention to it and justify me in noticing a few of its attractions with which I am familiar.

**San Luis Potosi**  
"This state is bounded on the north and east by Nuevo Leon and Tamaulipas; on the south by Hidalgo, Queretaro and Guanajuato; and on the west by Zacatecos. It has an area of 23,635 miles, and in 1900 it had 210,000 inhabitants.

"The city of San Luis Potosi is the capital of the state. It was once the capital of one of the intendencias into which Mexico was divided when under Spanish rule and Texas was one of its provinces, forming part of the tenth brigade. I have described its appearance as I saw it in 1862 in Chapter III, but since that date the Mexican National and Mexican Central have built through the city, which connect it with the railroad systems in Mexico, and its importance as a commercial center at the present time can not be underrated. It has always been noted for its local industries, and it is destined to become a manufacturing city. There are several other cities situated in rich mining districts with large populations.

"The mines of the state rank among the richest in the country, and many of the metallic veins in various localities are now worked by foreign capital that is doing so much to advance the prosperity of Mexico. All of the precious minerals are found in paying quantities, and many of the baser metals, particularly iron ore, in large deposits.

"The surface of the state is broken by chains of mountains which run across it and form many large and beautiful valleys. They are spurs of the Cordilleras range which extends over the eastern portion of the Mexican

Republic and form a natural boundary between the state and Tamaulipas. The most remarkable chains are the Sierra de San Luis and Sierra Gorda, which bound the state on the south and separate it from the states of Guanajuato, Queretaro and Mexico.

"Many varieties of valuable timber are native to the southern portions of the state; lemons, oranges, peaches, pears, apricots and other fruit peculiar to Mexico are grown in its temperate climate; corn, oats, and all kinds of vegetables are successfully cultivated; and cotton, coffee, sugar-cane and tobacco are produced with profit.

"A large area of the state is devoted to the raising of live stock and large numbers of horses, cattle, sheep and goats add to the taxable wealth of the state. One of the largest and most valuable estates in Mexico lies partly within its boundaries. It is situated on the table lands and it contains nearly 900,000 acres in one body, which extends into three adjoining states. The name of this vast estate is San Rafael del Salado y Agua Dulce, but it is commonly known as El Salado. General Don Juan Bustamante, ex-governor of San Luis Potosi, owns the property.

home of M&M Geo. Wiemers and  
to help Mr. Wiemers celebrate  
his 86th birthday were M&M C.  
E. Buss and M&M Million Wi-  
emers and children, Bruce and  
Karen, all of SA and M&M Ed-  
win Wiemers. They were joined  
in the afternoon by M&M Walter  
Harrison and Patty and M&M  
E. W. Williams and children, Kat-  
by and Vicky of SA.

M&M Arthur Schlentz were  
Sunday evening visitors in the  
home of M&M Geo. Hartman.

Nina Leah Neal and Joe Har-  
mon of Corpus Christi were Sat-  
urday afternoon visitors of Evelyn  
and Dorothy Wiemers.

M&M Wilkes Wiemers and  
children, Doris, Judy, and Duane,  
and Walt Egler were sight-see-  
ing in the Medina Lake and Ban-  
dera country Sunday afternoon.

M&M Wesley Wiemers and  
daughters Evelyn, Dorothy, Betty  
and James were Sunday din-  
ner guests of M&M Alvin Dorn-  
busch in Knippa. They all attend-  
ed the annual Easter hunt and  
picnic on the Myles ranch. Mar-  
garet Lynn Meyer was a guest  
of the Wiemers family at the pic-  
nic.

M&M Wilburn Schott returned  
Thursday afternoon from a hon-  
eymoon trip that took them through  
the states of New Mexico,  
Arizona, Nevada and California.  
Some of the sights they enjoyed  
were Grand Canyon, Hoover  
Dam, Mc Donald Observatory,  
Disneyland, and Las Vegas. They  
planned to visit Yosemite Park  
but found it closed because of the  
snow. At the Sands Motel in Las  
Vegas they saw a floor show in  
which Johnny Mathis played an  
important part. They visited Lake  
Tahoe. Mrs. Schott was impress-  
ed by the great amount of snow  
on the mountains. At Lee Vinney,  
Calif., the cabin in which they  
stayed was surrounded by snow.  
In Hawthorne, Calif., they were  
guests in the home of M&M Aaron  
Coon and sons, Jimmy and  
Terry. On the way home they  
visited M&M William Ray Schulte  
in El Paso. M&M Schott are  
now at home at 603 Thompson  
Pl. in SA.

## Two Stores Offer Free Samples Here in Hondo

Medina Feed and Seed and  
Hondo Laboratories of Hondo,  
are offering free samples of  
Dowpon grass killer to farm-  
ers of this area.

Cultivation and mowing can  
hold grasses back although the  
farmer usually winds up losing  
a year's production with his  
fields in fallow trying to bring  
grasses like quack or Johnson  
under control, he pointed out.  
Spraying with Dowpon can control  
grasses, roots and all, with-  
out taking fields out of produc-  
tion.

The sample can be applied with  
hand spray equipment or a  
sprinkling can. Specialized spray  
equipment is not needed with  
Dowpon.

## Settlement News

By Mrs. R. H. Bayer

Mrs. Lina Fuos and Mrs. J. D.  
Schweers attended the funeral of  
Arnold Balzen at Hondo Thurs-  
day afternoon.

Candy, candy and more candy  
that's what the Castrolville Wild-  
cat Band has on hand. They are  
all on a candy selling spree to  
raise money for more band uni-  
forms. Every band member  
brought home a large bag of can-  
dy bars to sell. Boy Oh! Boy if  
they don't sell all the candy to  
outsiders and decide to buy and  
eat so much themselves, we are  
going to have some FAT band  
members and no uniform they  
have now will fit. So lets hope  
they all have luck in getting it all  
sold.

Mrs. Elever M. Rogers (tfc14)

#### CARD OF THANKS

With grateful hearts, we thank all those who did so much to help us in our time of grief. The kindness and thoughtfulness shown us was indeed helpful. We are especially grateful to Rev. Durkop for the prayers and comforting service, the Church Choir, the pall bearers and for the beautiful floral offerings.  
Mrs. Arnold Balzen, brother and sisters. (tfc14)

#### CARD OF THANKS

The visits, cards and flowers I received while in the hospital helped me immeasurably. I want to take this means of saying thank you to my many friends, neighbors and relatives for being so thoughtful.

## Income Tax Fax

If you find for some reason beyond your control it is impossible for you to complete your federal income tax return for filing by midnight, Wednesday, April 15, 1959, then you should request an extension of time in which to file your return. Extensions are usually granted, for good reason, for a ninety-day period; although the Director may grant an extension for as long as six months, if the circumstances warrant.

Requests for extensions of time are filed on forms furnished by the Treasury in triplicate, and the request must be signed by you or your duly authorized agent.

These forms are available at your local office of the Internal Revenue Service. All requests for extensions should be on these forms and three copies are necessary. However, if you are unable to secure the forms, a letter will do.

Your application should clearly set forth the full cause of the delay and the probable time that you will be able to complete your return.

It should give your full name and address as it will appear on your tax return when you do file. If, by reason of illness, absence or other good reason, you are unable to sign this request, then any person in close business or personal relationship with you may do so, provided the reason and the relationship are clearly stated in the request. In such case, the signer of the request will be considered your duly authorized agent for this purpose.

Extensions usually are granted for a good reason, such as illness, accidents, inability to secure all the facts necessary to complete your return, etc.

Extensions are never granted because you are unable to pay the tax. If you cannot pay the tax due, file your return anyway. Uncle Sam will send you a bill and you will have to pay it sooner or later. He will charge you 6 per cent interest, but there will be no penalty. If you do not file your return on time, Uncle Sam will charge you 5 per cent for each month that your return is late, up to a maximum of 25 per cent. So, it is a lot better to file the return even if you can't pay the tax.

This is the final article in the series of 19 presented by this newspaper and the Texas Press Association. We hope you have found the series helpful.
